

## **Sport Premium Funding Review 2019/2020 and Proposals 2020/2021**

PE and Sport play a very important part in the life of Anchorsholme. As a school, we have a rich heritage of pupil participation in PE and Sport as well as extensive success in a vast range of sporting competitions. Within the curriculum, every child has at least two hours per week that is dedicated to physical activity including tennis, tag-rugby, yoga, dance, swimming and outdoor pursuits. We believe that physical education and sport contribute to the holistic development of young people and through participation in sport and physical education, young people learn more about key values such as teamwork, fair play and respect for themselves and others.

There is significant evidence to show the positive effects of sport and exercise on children's physical health, growth and development. Furthermore, sport also provides a healthy environment for young people to learn how to deal with competition and how to cope with both winning and losing.

In April 2013, the Government announced new funding (Sport Premium) for physical education (PE) and sport to improve the quality and breadth of PE and sport provision in School.

Our Sports Premium allocation for **2019/2020 was £21,260.** At Anchorsholme we are utilising the additional support of this Sport Premium to improve and develop the quality of PE and Sport provision as detailed below under four key areas: within curriculum, extra-curricular, staff development and community.

### **Swimming and Water Safety**

<b>Meeting National Curriculum requirements for swimming and water safety</b>	
What percentage of your current Year 6 cohort can swim 25m without buoyancy aids?	61%
What percentage of your current Year 6 cohort can perform a range of recognised strokes?	39%
What percentage of your current Year 6 cohort can perform a self-rescue?	13%

# Proposals 2020/2021

## Sports premium allocation - £21,940

The sports premium this year has been created with a clear focus of ensuring all children in the school get an opportunity to participate in: high quality P.E. lessons, which are adequately assessed and intra-school competitions. Furthermore, the interest and love of sport from these events will be developed with our community 'takeovers' if possible given the current pandemic.
